\$15,000 FIRE.

Fort Gay Suffers Heavy Loss From Flames.

Two Stores and Three Residences Reduced to Ashes in Our Sister Town.

A fire which occurred in Fort Gay about 12 o'clock, last Monday night destroyed five frame buildings, including two large general stores. It broke out in the store owned by York Mercantile Co., and on account of a lack of anything whatever with which to fight a fire the flames rapidly spread to the two-story residence of Joe Mart York which was quickly wrapped in flames. From this building the fire quickly reached the store of Z. T. Peters, and in a very short time the devouring element seized the frame residence occupied by Zack Hartman and owned by Dr. L. H. York. From this it was a short jump to the handsome residence of Dr. L. H. York which, with all the other property named, was entirely consumed. The entire stock of goods, a very large and valuable one, in the York store, and all of Joe York's household goods were entirely consumed. P. S. (Sandy) York lost nearly all his household goods. The time for saving was exceedingly short. In fact it is said that some of his family had to do some very lively stepping to get out safe.

Mr. Peters had time to get nearly all of his goods out before his store caught fire, but much of the stock was thrown over the bank and badly damaged, and we are ashamed to say—some of it was stolen and carried away. He had \$700 insurance on his store and \$700 on his stock. In the hope of stopping the spread of the flames a large amount of dynamite was placed under the house in which Hartman lived, but his explosion failed to blow it down—or up. Most of the furniture and other articles in Dr. York's residence was removed without much loss or damage.

The frame store of W. T. Osborne, close to the Dr. York residence, would have caught fire had it not been for the use of some galvanized weather boarding. A lot of it was hastily procured and set on edge on a shed attached to the building. It reached to the top, and this and the iron roof saved the house.

The York Mercantile Co., composed of John Y., J. M. and P. S. York, is a heavy loser. The company's store was a very large two-story structure, crammed full of goods. The building and Joe York's residence were insured to the extent of \$1000, and it is said that the stock was also insured, but to what, if any, extent is not known. All the burned buildings faced Main street, Louisa, and the block immediately below it. The York store was built by Billups and York several years ago.

As was previously mentioned, Fort Gay has no fire department of any sort, and when a fire does occur there is but little to do more than to watch it burn. On this occasion the Louisa fire department, a most efficient one, was ready to go to Fort Gay, but we have no hose long enough to reach from the nearest fire plug to the fire. About all the active population of Louisa, however, went over, but aside from assisting in carrying goods to a place of safety they could do nothing. The directors of the bridge company have ordered that in case of fire in either town passing across the bridge shall be free. Dr. York places his loss at \$1500. The News has not been able to ascertain what estimate is placed by the York Mercantile Co., on the loss of Monday night, but it is undoubtedly very large.

THEAT THE HOMES WELL.

Be good to the robins. A single bird of this family has been found to devour 175 caterpillars in a day, while the crop of another was found to have a collection of 100 potato bugs.

The Play and the Minstrels.

The fine play and minstrel which was given so successfully on Tuesday night of last week was repeated to another large crowd the following Saturday night. Very many who heard and saw the first performance attended the second time, and many who were not able to go on Tuesday helped to swell the receipts very materially. There were, in addition to the first programme, several new songs and many new jokes and "gags" and one or two new faces among the first performers. The play and the minstrel performance were well received and encores were numerous. The two entertainments will net the Young Peoples Missionary Society about sixty-five dollars.

No one who had not had experience along the line of getting up an entertainment like the one we have been writing of has any idea of the work and worry involved in its preparation. Take the drill of the choros, for instance. Nearly all the "boys" in that semi-circle of black-birds were raw in the work, and the trying labor of getting them in shape devolved upon Mrs. J. G. Burns, and all who heard the wonderful endowment which rang out from those dusky throats showed how well she succeeded. Of Mrs. Nash's good work the News has already spoken, and it is proper to say here to give credit where credit is due, that Mrs. Mary Horton rendered cheerful and valuable assistance in perfecting the play and the beautiful drill.

INTERESTING MEETING.

Local Mission Study Class has Unique Exhibit.

The meeting of the Mission Study Class of the M. E. Church, South, held at the home of Mrs. F. T. D. Wallace, Sr., on Thursday afternoon last, was marked by several beautiful and unique features. The class had for its guests on this occasion the Woman's Foreign Missionary Society, of the same church, and the whole afternoon was occupied by proceedings appropriate to such an event. The walls of the cozy parlor in which the ladies met were almost covered with flags, photographs, letters and other things from and pertaining to the countries where the society represented by these good women are doing their grand work; Turkey, Japan, China, Corea, Siam and India. Each of those countries of the far Orient had its designated spot, and in these places were to be found the insignia which told the on-looker what country was represented. A notable feature of the Cornu exhibit was a photograph of "Miss Louisa Kentucky," a native girl who is supported by a scholarship paid for by a lady who at one time lived in Louisa. Another interesting picture was the photograph of "Ella D. McIntosh," a Chinese "Bible woman," named for the President of the missionary work of the Western Virginia Conference, and a photograph of "Greek B. Spencer," of China, also supported by a scholarship, by the Ashland Auxiliary Society, of this Conference.

Another very interesting exhibit was a set of charts artistically designed and made by Mrs. U. A. Nash. They showed in a very striking way the ratio of increase in mission work in the far East during the past three decades. The things which are here mentioned do not by any means comprise the whole interesting display, and to fully appreciate its novel and beautiful character it had to be seen.

The countries in which the mission work of the local societies is being done were represented as follows: Japan, Mrs. Mary Horton; Corea, Mrs. H. R. Alexander; Siam, Mrs. W. M. Jostice; China, Mrs. G. A. Nash; India, Mrs. Gny Atkinson; and Turkey, Mrs. T. J. Snyder. All except Mrs. Snyder were dressed in native costume. The scholarship by which "Miss Louisa Kentucky," is supported is the "Lucy Cunningham" school, Mexico, Cuba and Brazil are fields of labor for the missionaries of the M. E. Church, South, and these homes of the Spaniard were properly remembered on the walls of the meeting place.

The meeting of Tuesday was properly opened with religious service,

and while the News can not say that it was closed with any formal ceremony it is safe in saying that it was not closed before refreshments were served. It has been said that more than three Kentucky men could get together and part without a speech, and it is well known that if only two or three Louisa ladies gather together something to eat and drink is sure to be "in their midst." So it was when these ladies met Tuesday afternoon. Orange and Maraschino cherries were served in punch glasses, and fragrant tea—the real article, on lady said—obeyed and refreshed, and were partaken of while sitting on the floor in true oriental style. A very pleasant feature of the meeting was the singing of an East Indian song in the native tongue by Mrs. Guy Atkinson.

Horrible Death.

Huntington, March 17.—Literally felled to death was the horrible fate meted out to the little 6-years-old daughter of Mrs. Amanda Lester, of Millers Fork, in Wayne county, W. Va., yesterday morning at 10 o'clock, the tragedy occurring while the child was playing near where her mother was doing the washing.

A large kettle of scalding water had been set on the ground near where Mrs. Lester was at work, and the child was playing with a little wagon nearby. She was backing across the yard, pulling the wagon after her when she struck the big kettle of hot water and plunged backward into it, scalding her body until the flesh was literally cooked.

Was Called Home.

Mrs. E. C. Jenks, the late efficient chief of the local 'phone exchange, left for Springfield, Mass., Tuesday morning, having been called there by a telegram informing her of the probably fatal illness of her father. Mrs. Jenks was much liked and respected by many friends in this city who regret her departure. This regret is deepened by the fact that she will not return to Louisa for residence. Dr. Jenks expects to leave this place shortly for Edinburg, Ind., where he will open an office for the practice of dentistry.

Big Revival at Crum.

The Rev. Roscoe Murray, of this city, has recently returned from Crum, W. Va., where he held a very successful revival in the Baptist church at that place. There were 116 conversions. The meeting lasted eleven days and during this time every man in the town, with one exception, and all the advanced grade, with one exception, in the public school, were converted. A Sunday school and a society of the Baptist Young People's Union were organized.

WAT RIFFE DEAD.

Son of John B. Riffe, Telephone Manager at This Place.

After a long and painful illness, heretofore noted in this paper, Wat Riffe, aged 19 years, son of Mr. and Mrs. J. B. Riffe, of this city, died of typhoid fever shortly before noon last Friday. The funeral services were held at the Christian Church on Saturday afternoon and were largely attended. Interment followed in the Fulkerson cemetery.

Mr. Riffe was a popular young man, sober and industrious, and his untimely death is greatly deplored. The distressed family has the sincere sympathy of many friends. The mother of the dead boy, herself in sufferer from the malady which caused the death of her son, was reported slightly improved Thursday.

FIRE DESTROYED BARN.

A big barn on the Lindsay Smith farm, near Prichard, W. Va., was, with its contents, entirely destroyed by fire Tuesday afternoon. It contained a large amount of fine farming implements and other valuable property.

LOWEST BIDDERS.

Sheridan-Kirk Again Submit Smallest Figures

For Building the Big Ohio River Lock and Dam Between Catlettsburg and Ashland.

On Tuesday for the second time, Major Jervy, Corps of Engineers, U. S. A., in charge of the works and improvements on the Ohio River, opened bids for the construction of Lock and Dam No. 29, near Ashland, Ky. Bids for this undertaking were received for the first time, a little over a month ago, but they were considered much too high and were rejected.

There were three bids then, but only two Tuesday, as follows: The Sheridan-Kirk Contracting Company, of Cincinnati, \$631,000; the Bates & Rogers Construction Company, of Chicago, Ill., \$633,000.

Upon the former occasion the bid of the last mentioned firm was \$67,000, and that of the other company \$644,000. The present bids are still several thousand dollars above the estimated cost. It is very likely, however, that one of them will be accepted.

The rejection of all bids is very unusual and the Sheridan-Kirk Company was no doubt greatly surprised at the action of the officials. As soon as the bids were opened they proceeded to move a part of their plant to the site.

The location of this dam makes it a hazardous job in the eyes of most contractors and this accounts for the small number of bidders.

Have You Been "Stung."

A number of people from the surrounding towns have been in Maysville lately trying to dispose of "certificates" or "duo bills" awarded them by Cincinnati piano houses for correct 121 guesses. In those puzzle contests so frequently advertised in the big city papers—an ancient scheme used by some dealers to catch "prospects"—and designed so that everybody draws a prize. It is a difficult matter to convince persons who think they are especially endowed with puzzle-solving acumen that it is otherwise. Those who fall heir to a hundred-dollar piano certificate will find that they have gained nothing save a bunch of trouble and are out the cost of a postage stamp in determining "how many animals are in the picture." Some forms of advertising are not only a delusion but a snare, and the public should especially steer clear of the something-for-nothing brand.—Maysville Bulletin.

A Delightful Function.

Mrs. M. S. Burns was hostess for the Flinch Club last week, and for the benefit of the young friends of her daughter, Miss Shirley, gave another pleasant affair in the evening. To this many of the young lady's friends of both sexes were invited, and with those who know how delightfully Mrs. Burns entertains it goes without saying that the favored ones spent a pleasant evening. Music, dancing and social converse made the hours pass pleasantly, and all voted the occasion a delightful one.

Rowland Tiernan Johnson.

Rowland Tiernan, the youngest son of Mr. and Mrs. Lucien Johnson, and the latest grandson of the house of Burns, was christened on last Friday evening at the home of his grandparents, Mr. and Mrs. R. T. Burns. The baptismal service was conducted by Rev. O. F. Williams, Presiding Elder Ashland District M. E. Church, South, in the presence of many friends. After the ceremony grape fruit punch and cake were served and were pronounced delicious.

Chas. Lowe, the young man who was shot by Everett White in Catlettsburg several months ago, died last Thursday. White has been indicted for murder.

Sunday Mail.

Many of the large towns and cities of the United States are agitating the Sunday mail question, most of them declaring for its abolition. Louisville has declared for no Sunday delivery, and Lexington is waging a war against what is styled "The Sunday Postoffice Habit."

Rev. Lewis W. Burton, bishop of the Episcopal diocese, in an article which he has prepared for publication declares that the "Sunday postoffice habit," which induces a number of people to ask for their mail on Sunday, is simply a routine which grows upon persons who indulge themselves in it. Bishop Burton says:

"The habit would not die a very hard death or leave much anguish in its train, if the opportunity were entirely cut off. Again I venture to assert that the great bulk of the mail that is given out on Sunday does not help the persons receiving it to the observance of the Lord's Day as one of either rest or worship."

The ministers in Louisa know how seriously the "habit" has interfered with their services, and all they have to do to have Sunday mail delivery abolished in Louisa is to press against it. Postmaster Hughes will do the rest. Nine-tenths of the crowd which congregated in the Louisa postoffice every Sunday night get nothing, and the remaining tenth would gladly wait until Monday morning.

TO S. S. WORKERS.

A Letter from W. J. Vaughan, State Field Worker.

The year nineteen hundred ten was a banner year for enthusiastic Sunday school conventions in Lawrence county. With but one exception, it was the best year in the history of the movement among us. There was a decrease of 400 in the attendance throughout the county, and it is hard to account for. Some say it was due to an agitation against the use of school houses for public worship. Others claim that the unusually wet season had something to do with it. Perhaps it was both of these combined with other causes. At any rate, the decrease was from 4200 to 3800, and it makes our report to the State Association and the International look as if we are not at work. But in all other particulars the report of last year was the best ever sent in.

It has been a custom and a pleasure for me to give public expression, at least once a year, of my appreciation of the life and work of the district officers and others who have contributed so much to the uplift of the cause and the credit of the county, and while I am not now the secretary of the county, I am no less grateful and appreciative, and I declare that in all my experience throughout the State in other counties, I have not found so faithful workers as we have in Lawrence.

There is a very valuable agency in the work in this county that I fear is sometimes forgotten when we go to rendering thanks. It is the BIG SANDY NEWS. If all the space that it has given free to the work and workers of the county during the last twenty years, had been charged for at the usual rate, it would make a sum of money twice as large as the sum that we have contributed to the World Wide Movement during the same period. There is not another secular paper in the State that is doing as much to popularize the Sunday school and Bible study as our own BIG SANDY NEWS. It has published our programmes for rallies, district and county conventions, opened its columns for free advertising, and given all the space required for reports. It has boasted the workers, and been kind to the shirkers. It is the Sunday school workers' chief confederate; and in addition to all this, the editor is one of the largest personal contributors to the work. Let everybody who appreciates what the NEWS is doing for the religious up-build of the county write the editor a token of his appreciation.

Once more to the district officers, The mantle of Judge R. T. Burns,

twenty-one years president of the county, has fallen on his nephew, M. S. Burns, who has gracefully and courageously taken it up, and like Elsha, is ready to smite Jordan. Can I on him and see.

The county secretary has been held close at home for several months and may be so held indefinitely, on account of sickness in his family. You will greatly assist him in the arduous duties of his office by planning early for your conventions. Visit every school in your districts, carrying with you help and inspiration. Rally the schools that went into Winter Quarters for a new start the first Sunday in April, and be sure that you have a complete statistical report from every school by the time of your convention.

The last Saturday in April is the time for the regular Annual meeting of the Executive Committee, at which time, I suppose, they will arrange a time and place for holding the County Convention. When the call for this meeting is published, let the district officers take notice and attend.

State Worker.

Woman Shoots Man.

Tuesday evening news reached here of a bad scrap which took place on Long fork of Shelby. It seems that Garfield Smallwood with Chas. Smith, a colored man went to the home of Geo. Tackett to arrest Chas. Tackett, on a Federal charge. A fight ensued, in which Smith was shot by Geo. Tackett's daughter, the shot taking effect in the left breast, who is in a critical condition. Smallwood was badly beaten up, and his pistol taken from him. In the melee Mrs. Geo. Tackett was also shot in the hand and shoulder and we are advised that she is in a critical condition.—Pike Co. Advocate.

LATER:—Smith returned to Pikeville and received medical attention. Afterward he was standing in the front door at his home and suddenly pitched forward, dying soon afterward.

Changes in the Exchange.

It is said that Miss Grace Burke has been named successor to the place in the 'phone exchange made vacant by the resignation of Mrs. E. C. Jenks, and that Mrs. Ida Brunham Hutchinson will be the assistant. Miss Burke has for a long time been assistant to Mrs. Jenks, and Mrs. Hutchinson has also had considerable experience in the exchange.

Died Suddenly.

Mrs. Jack Ward, of Lock avenue, received intelligence Tuesday of the sudden death of her father, Mr. Reuben Hicks, of Grayson, Ky., which occurred that morning. Mr. and Mrs. Ward left on the early train for Grayson.

LANGHORNE & LANGHORNE.

Have the Contract for Building Shelby Creek Railroad.

Contract has been let to Langhorne and Langhorne, of Richmond, Va., for the construction of the Consolidation Coal Co.'s line of railroad from a connection with the Chesapeake and Ohio Railway at the mouth of Shelby Creek, in Kentucky to the head of Elkhorn Creek, 28 miles. The line follows the two streams named, and it is known in the Sandy Valley & Elkhorn Railway. The construction includes 38 bridges, varying in length from 100 feet to 14 feet, all of single span steel girder construction. There will also be two tunnels through sand rock, each 18x21 feet in dimensions, one of them 700 feet long and the other 230 feet long. The route lies through rough and rolling country. Rails, ties and bridge steel will be bought by A. T. Watson, purchasing agent, Fairmont, W. Va. Frank Haas, Fairmont W. Va., is consulting engineer, and F. E. Engle, Pikeville, Ky., is chief engineer. The directors are J. W. M. Stewart, president and treasurer; B. E. Whitman, secretary; S. S. Willis, John F. Hager and A. M. Kelly, all of Ashland, Ky.

It is costing something to seed fields back to grass this year, observes The Lexington Herald. In fact, the price of seed this year, taken as a whole, is higher than in years. The wet summer of 1910 practically ruined timothy, with the result that seed is selling close around \$6 per bushel. Clover is selling at from \$9.50 to \$10 per bushel, and Blue Grass seed is higher than for a third of a century, bringing high price of from \$3.25 to \$3.75 per bushel. Potatoes and onion sets are reasonable in price, the latter being cheaper than for a number of years.

Whitesburg, Ky., March 17.—United States Deputy Marshall J. Martin Potter and a posse of men headed by Charlie Smith and Garfield Smallwood, of Pikeville, went into the mountains of Long Fork Creek, near the Letcher county line to arrest Charlie Tackitt, aged twenty years, on a charge of moonshining.

Young Tackitt, though armed gave up without resistance, but almost instantly Martha Tackitt, his aged mother, secured his pistol and began to point the officers, followed by her daughter, Bettie and Nanette Tackitt, aged 16 and 18, respectively.

Immediately after hostilities began, Officer Potter fled from the Tackitt premises, but Smith and Smallwood stood their ground. In the first volley Smallwood lost a finger and his bat was shot off. Smith was shot through the arm by Bettie Tackitt, who fought with a shotgun. He proved a target for the entire Tackitt family and received three dangerous wounds. One shot in the left side tore that part of his body almost to shreds. He is not expected to recover.

THACKER.

Death came to the home of George Cox and wife on the 14th of February and took their 3-weeks old boy, but he who doeth all things well had need of his precious little soul. You have not lost little Carl, at he is only sleeping, waiting the resurrection morn. Jesus said "Suffer little children to come unto Me and forbid them not for of such is the kingdom of heaven." It was hard to give their darling babe up, so short has been his stay with them, but God giveth and God taketh away. He was laid to rest by his Uncle "Barns" in the De Lorme graveyard.

HUMAN INCONSISTENCY.

By L. CHURCHILL TURNER.

There never was a mighty Trust That we did not say in our greedy lust.

We hope some day to see it bust And alleviate our anxiety. But give us a chance to get control, We pamper the body and sell the soul.

And get our friends in an awful hole, And forgetting our recent rags and role.

Whoever a man's a millionaire We swear he did not make it fair; It's the same opinion everywhere That he got it all by stealing it.

But when we once accumulate A fortune or a big estate, We pile it up at a rapid rate, And swear that some propitious fate,

Has had a hand in dealing it.

When a rich man makes a big donation, We say 'Tis done for ostentation. And call him the very personification

Of egotistic piety. But, doesn't it seem a little curious, When he never gives, he's called penurious.

And when he does, it makes us furious, For talented money is so injurious, To churches and propriety?

A man may be as rich as Croesus, And give it all to the cause of Jesus.

And even then it does not please us, Insatiate Humanity. A man may make a contribution To some religious institution; Or a gift to peace of rare profusion, We call it then a mere illusion

Of a soul's insanity. When men attain to high positions (Especially among the politicians, I usually investigate conditions, And always cry out "Bribery."

So man can never be satisfied His ambition can't be gratified. His plans cannot be rattled. In fact, he'll wish that he had died.

If he hated to public liberty And thus, I could fill up lots of space

With the ups and downs of the Human Race. But spare myself the dre dre disgrace, Of any further intrusion. But I wish to say before I close That God above us only knows

The rich man's cares, and the pauper's work. And life itself, so far as it goes Is all a mere delusion.

(MORAL.)

Don't envy what your neighbor has got, But be contented with your lot And remember that life is not Always a bed of roses.

But plod along the best you can And try to adopt the honest plan; Don't envy the life of any man, But take the rich man by the hand, And both will reach that Promised Land.

Just as sure as Moses.

SPECIFICATIONS FOR BUILDING SIX NEW SCHOOL HOUSES

FOR THE YEAR 1911, WHICH SPECIFICATIONS HAVE BEEN ADOPTED BY THE BOARD OF EDUCATION FOR LAWRENCE COUNTY. THE CONTRACTOR, OR CONTRACTORS TO FURNISH ALL MATERIAL AND LABOR TO BUILD AND COMPLETE IN FIRST CLASS WORKMANSHIP THE SCHOOL HOUSES OR SCHOOL HOUSES THAT MAY BE AWARDED TO HIM, ON OR BEFORE THE 15TH DAY OF JULY, 1911.

The pillars to be 12 inches square, the bed stone to be not less than 12 inches thick, no stone to be of less size than the size of the pillars and none to be less than 6 inches thick, all to be rough dressed on the front and the other exposed sides, and to be rough dressed bedded; to be 12 in. square, and to be laid in lime mortar, and to be placed in the ground at least 8 in. deep or until solid earth is found, and no one to be less than 12 in. above the ground at lowest point, the one in the center of each end to be enough larger so that it will allow the center sill to rest on it 6 in. at each end; there is to be 5 on each side, 3 under each end, all to be equally located apart. Cement may be used for pillars if the same is made of first class material and in the proper proportion in the mixture so as to form a first class pillar, and to be built in the proper form. If stone is used it must be first class material. There is also to be 5 pillars equally distributed under the center sill, and all to be in all respects the same as the above described ones.

SILLS.

The sills to be of good white oak, or yellow pine, and so sawed and put together that it will form a half box 6x8 in., the sill that runs through the center of the house must be 6x8 in., and the pillars to be built high enough above the others so that the same will be even with the other one to receive the sleepers.

SLEEPERS.

All sleepers must be 2x8 in. sawed, of good white oak, yellow pine or hemlock, to be placed 18 in. apart, and to rest on the center sill, and bedded with first class bridging two rows on each side of the center sill equally divided between the sill and the outer ends of the sleepers.

STUDDING.

The studding to be 2x4 in. of good poplar, yellow pine, or hemlock sawed uniform width, and placed 2 ft. apart and the corners of the frame to be made of 4 of these 2x4 in. studdings.

JOISTS.

The joists to be 2x8 in. securely hung in the center to the rafters, to be 2 feet apart.

RAFTERS.

The rafters to be of 2x6 in. good poplar, yellow pine or hemlock free from bad knots, to be placed 2 ft. apart, 1-3 pitch and to be braced with 2x4 in. timber extending horizontally across half way from the foot to the top, securely spiked to the rafters to extend down so as to form an outrigger the proper size to receive raking corbels 12 in. wide.

CORNICE.

To be made of good dressed poplar or yellow pine free from bad knots, to be well seasoned, and to be in all respects formed and put together that will make a nice finish, and to be 12 in. Proper mouldings to be used to make a respectable finish.

WEATHER BOARDING.

The weatherboarding must be good poplar well seasoned, well dressed, free from bad knots, put on with a lap of 3-4 inch, no splitting in nailing the same on. No base boards or nosings to be used at bottom.

CEILING.

The ceiling to be 3-4 inch thick, kiln dried, tongued and grooved, not over 5 wide, well dressed, free from bad knots, all end joints in putting the same on must be on studding or joists, secret nailed; to be put on horizontally on the side and ends. To be of good No. 2 pine.

BRACING AT THE CORNERS.

There is to be two braces at each corner of the building extending 8 feet from the corner up and out on the sills, to be of 4x4 in. which may be interlocked with the studdings, and securely spiked to each at the foot and top.

FRIEZE BOARD.

There is to be a frieze board 10 in. wide all around the building, and in each gable, fitted properly over the weatherboarding, so that no rain can drive in under it.

FLOORING.

The flooring to be white oak, kiln dried, tongued and grooved, not over 4 in. wide free from bad knots, to be No. 2 secret nailed, no end joints other than on sleepers.

FINISH IN THE SCHOOL ROOM.

FOREST DALE, OHIO.

March 11, 1911. Dear Big Sandy News: We read your paper and like it very much. I have been here sixteen months. Am ten years old. My mother has

been dead seventeen months. I was once a Big Sandy girl and knew a good many people up there, and thank the people for the kindness to my mother. I am staying at my aunt's in Ohio, at Forest Dale. It is very pretty weather now at this place. My aunt has been sick for some time. I would like to see some of the Big Sandy people.

Yours ever truly,

MAIL BOXES.

After June 30 of this year all who wish to have their mail delivered at the house must provide a mail box or other receptacle for the carrier to deposit it in, according to postoffice officials.

A bill has been passed by Congress requiring the placing at the door or entrance of the house a mail box or something of a like nature for receiving the mail. The bill has been pending for some time and as originally drawn read, "December 31, 1910," at one of the later sessions it was taken up and passed with an amendment reading, "June 30, 1911."

There are a number of people who will not be affected by the bill, as they have already provided themselves with the little iron boxes which have been recommended by the department.

Those who have not yet done so had best obtain these boxes as after June 30, they will have to go to the postoffice for their mail if the receptacles are not in place.

The bill provides: "Be it enacted, etc. That after June 30, delivery of mail by city carriers shall be made only at such residences and places of business as provided at the door or entrance receptacles for its deposit."

WALL PAPER NEARLY SLE.

VAN LEAR.

After a few days apparent slack run of work, here, once again, the camp has resumed business activity, and the mines are running full time.

Contractors and builders are rushing construction work and the camp continues to grow rapidly. Truly this mining town is assuming greatness and beauty. The people, with rare exception, are moral and desirable citizens.

We are having a successful Sunday school and church services every Sunday morning and evening. Rev. Walker, of East Point, has accepted the pastorate work here and has moved his family into the Roland property on Fifth Ave.

Mrs. J. M. Worley has accepted a position in our store and is performing her duties in a very efficient manner.

Messrs. F. H. King and Everett Hitchcock, our store manager and head clerk, attended the Masonic order at Palutsville one evening last week.

Bill Buckley and Frank Rice, store clerks, spent Sunday in Louisa.

Mr. Rice contemplates a visit to Rove creek soon.

Herbert Queen, one of our carpenters, also spent Sunday down the river.

J. T. Riffe, of East Fork, is employed here for the season.

Rev. Rue Curnutte, of Potters, is here.

C. B. Bromley, of Louisa, traveling salesman, was here recently calling on our manager.

Andy Ratcliffe, of Hicksville, has removed to this place.

Mrs. Nora Jobe has received a fine organ.

Miss Ollie Duncan, saleslady, was in Paintsville one evening last week.

Mrs. Speers has returned to Van Lear after a few days sojourn among relatives.

Herbert Stambaugh spent Sunday on Toms creek.

J. I. Humphrey was in our postoffice last week and rendered services during the postmaster's absence.

Mrs. Sublette visited her sister at Buffalo, last Sunday.

J. D. Campbell, of Pikeville, is with us now, preparatory to taking charge of the company's store on Shelby, near Elkhorn.

Contractors have started a large building on Main street, which will be used as music hall, pool room, barber shop, etc.

Keen Eyes.

STAMBAUGH.

A few warm sun-shiny days make the farmers busy in this locality, but watch if they don't get set by the fire a while longer.

Blue Eyes.

MAY PROVE FATAL.

When Will Louisa People Learn the Importance of It?

Backache is only a stupid thing at first.

But when you know its from the kidneys.

That serious kidney troubles follow.

That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience.

'Tis the statement of a Louisa citizen.

Mrs. Sarah Pigg, Main St., Louisa, Ky., says: "I suffered for a long time from distressing symptoms of kidney complaint. This most annoying trouble was a severe pain in my back, accompanied by a dull, bearing-down ache through my loins. I was weak, languid and tired and could not stoop without having sharp twinges through me. I could not sleep well and in the morning arose exhausted. Nervous and dizzy spells bothered me and the secretions from my kidneys were a source of annoyance. Nothing helped me and I had almost given up hope when Doan's Kidney Pills were brought to my attention. The use of its remedy elped me at once and it was not long before my trouble became a thing of the past. My cure has been permanent."

For sale by all dealers. Price 50c. Foster-Mills Co., Buffalo New York sole agents for the United States.

Remember the name—Doan's—and take no other.

Another Troublesome Correspondent

Complaints have come from Tusculum about a letter published in the News recently over the signature "Black Boy." All the items except one are said to be untrue. As we have stated hundreds of times, we do not want such letters, and will expose the real names of any writers who thus impose upon us. It is our rule to deliver the original manuscript to any one who has cause of complaint. We preserve the original letters for this purpose.

HELD TO ANSWER.

Lindsey Carter, of Logan county, W. Va., and not of Lawrence county, Ky.,—is in the county jail awaiting trial in the next term of the Lawrence Circuit Court. This is the case spoken of in this paper last week. Carter had an examining trial last Thursday and Friday on a charge of criminally assaulting his own daughter. His bail was placed at \$1500, which he was unable to give. He had been charged with a similar offense in Logan county.

DIED IN AGONY.

Nobody will probably ever know how it happened, but late Friday afternoon the 3-year-old daughter of Henry Mays, of Kenova, devoured a package of a dozen or more strychnine tablets, securing them from a medicine closet, where it seemed impossible for a baby to have reached them under any circumstances. Two hours afterwards, following innumerable convulsions, the child died in horrible agony.

AMERICA'S ENTERTAINERS.

MANY REASONS.

There are many reasons why every teacher in Kentucky should attend the Annual Meeting of the Kentucky Educational Association at Owensboro on June 27, 28 and 29, 1911. For the best composition written by a Kentuckian, containing not fewer than fifty nor more than one hundred words, on the subject: "Why Should Kentucky Teachers Attend the Owensboro Meeting of the Kentucky Educational Association?" I will give the sum of \$5.00; for the second best \$3.00 and the third best \$1.00. The composition must be received by me not later than twelve o'clock, noon, Thursday, April 20, 1911. The Board of Directors of the Association will act as judges. The names of the winners and the compositions will be published. Additional information will be given upon request.

T. W. VINSON, Secretary, Frankfort, Kentucky, Feb. 24, 1911.

PRESTONSBURG.

Prestonsburg, March 14.—Circuit Court is in session. A number of criminal cases have been tried. Jack McCurry was given a life sentence for the murder of Monroe Vance who was killed on the 23 day of last March while working in his field. He was shot from ambush. Journal Moore was given a life sentence at the last term of the court. It is claimed that he fired the shot; that Jack McCurry was with him at the time and that he was also aided and advised by Sylvester Gearheart and Nelson Moore, both of whom will be tried at this term of court.

IN SEARCH OF HEALTH.

Mr. Oscar Graham, of Prosperity, this county left last Monday for Los Angeles, California, where he will stay about three months. Mr. Graham's health is not good, and he goes to California in the hope of improvement. Mrs. Graham and the baby boy will remain with her father, and mother, Mr. and Mrs. H. B. Huletts.

WEST VIRGINIA NEIGHBORS.

NEWS FROM COUNTIES JUST ACROSS THE RIVER IN WEST VIRGINIA.

Some political news of great importance to the Democrats of this section of the state became known during the recent term of Circuit court here, it being announced that Hon. John H. Wilkinson will again become a candidate for judge in the old Seventh circuit, now composed of the counties of Wayne, Logan and Boone.

A. R. Wittenberg this week closed a contract with Cole & Crane to log Rich Creek which flows into the river within the corporate limits of our town. There are estimated 300,000 cures and the job will last 18 months. Work will begin the first of next week. As soon as this job is started Mr. Wittenberg will at once try to get a right-of-way for a tram road up Rock Castle. The building of this road and the removal of the timber on the upper creek depends entirely on whether the land owners ask prohibitive prices for the right-of-way.—Wyoming Mountaineer.

Portsmouth, O., March 17.—R. W. Buskirk, a leading business man of Matewan, W. Va., while here Thursday contracted with the Black Fork and Carlyle Brick companies for material to be used in the construction of a new hotel and business block at that place.

Mr. Buskirk's hotel and large store was destroyed in the disastrous fire that practically wiped out the town of Matewan but he intends rebuilding on a more extensive scale and his new block will be one of the handsomest in West Virginia. W. B. Elswick, an architect of Williamsport, W. Va., who is to prepare the plans, accompanied him on his visit here.

The Red Jacket Consolidated Coal Company has started construction on what it planned to be the largest and most comprehensive tipple in the Norfolk & Western district. It will be built of steel on concrete piers, will have a daily capacity of 5,000 tons and will be so arranged that it will handle the output of the Red Jacket mine, the Ruthersville mine and a new mine which is being opened. These three mines will concentrate their entire output by means of additional trackage, so that the cars will all dump into the same tipple. The tipple will be located on Mitchell branch.

The 41st annual meeting of the West Virginia Educational association meets at Bluefield June 14, 15, 16, 1911.

A reception, a trip to the coral fields, etc., are among the social features planned for.

A thousand teachers will be at this meeting, and a fee of \$1.00 entitles one to all of the privileges of membership.

A special train will run from Kenova over the N. and W. round trip only \$3.00. The roads of the state generally will give a rate of two cents per mile. Special rates at hotels and private houses.

Membership badges necessary to secure special rates are now ready.

Send your name to C. R. Murry, Secy., Williamsport, W. Va., and he will put you on his mailing list for program, etc.

Visitors in Huntington from the Kernit-Warfield district, tell of another murder which occurred near Marrowbone Creek, Floyd Brewer

being the victim.

Brewer and a member of the Kirk family, numerous in that section, quarreled over a woman. Brewer, as a result received a full charge of buckshot in his abdomen, and died almost instantly.

Brewer was a member of a prominent but faded family. His father, the late Isaac Brewer, who for many years lived at the mouth of Marrowbone creek, on the Wayne county edge of the dividing line, was one of the wealthiest timbermen of that section. He died a tragic death years ago.

He had two sons, Wallace and Floyd. Wallace was drowned in an attempt to swim the ley Tug river a few years ago.

Floyd, the elder brother of Wallace, met the fate above described early in the week, just ended.

Kirk, the man who shot young Brewer, is now a prisoner in the Mingo county jail, having been apprehended Thursday, and incarcerated yesterday, to await the action of the Mingo county grand jury.—Huntington Herald-Dispatch, March 12th.

Confined behind the walls of the Moundsville penitentiary, Sis Rader, the best shot in West Virginia, and one of the best women shots in the world, is serving ten years for the murder of a man named Starbuck, whom she killed several months ago. Although styled a "gun fighter," the prisoner has a lovable disposition, and does not look like the Mrs. Guinness that she is styled.

Reared among the mountaineers of the southern section of this State, Sis Rader learned to shoot a gun when but a child, and her steady nerve and accurate aim soon gained for her a wide reputation as a "gun fighter." When a girl of ten years Sis Rader shot her first man, who is alleged to have insulted her. After this a number of shooting scrapes occurred in which Sis figured prominently. Quick to draw her revolver, she always fired the first shot and during her vivid career she has never been wounded.

With the other thirty women prisoners, Sis Rader is confined to the women's ward, which is walled off from the other prisoners in the prison court yard. Her cell has been made very cosy and she has decorated it with all kinds of fancy work and pictures, and instead of a cell in little room has the appearance of a cosy corner. The woman is very attractive despite her forty summers.—Huntington Herald-Dispatch.

It will be remembered that Henry Saunders, formerly of Ironton, but now a constable in Fayette county, W. Va., was arrested for the murder of the man Starbuck. He obtained his release from prison on bond and immediately set about to fasten the crime on the guilty person he was not long in getting conclusive and positive evidence of the guilt of Sis Rader, and it is she, who is the subject of this sketch taken from the Huntington paper.

A Pierce Night Alarm

Is the hoarse, startling cough of a child, suddenly attacked by croup. Often Harrowed Lewis Chamblin of Manchester, O. R. R. No. 2, for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, LaGrippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by A. M. Hughes.

After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.

"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.

"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use.

It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it.

Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you?

Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

BIBLE STUDIES

A HOLY NATION PICTURED

March 28

"Happy the people that foretell! Happy the people whose God is Jehovah."—Isaiah 44:28.

WHEN God accepted Israel to be his people, he entered into a Covenant or agreement with them. He gave them the Law, represented in the Ten Commandments, as the basis of the Covenant which Moses mediated. Israel agreed to be faithful to God, and to keep those commandments perfectly. And God agreed that in that event he would bless them; they should be his people, and by doing the things contained in the Law should live everlastingly, not die. Not only so, but he promised to bless them in all the temporal affairs of life.

Israel failed to get these blessings, for the same reason that any other people would have failed; namely, because God's Law is perfect, the measure of a perfect man's ability: "Thou shalt love the Lord thy God with all thy heart, mind, being and strength; and thou shalt love thy neighbor as thyself." Hence, the Israelites continued to die, as their fathers had done, and as all mankind die—not being able to keep the Divine Law perfectly.

Happy is That People

In our lesson the Prophet David pictures the holy, happy, blessed nation of the Lord. It is a picture of the future and not of the past. It is an ideal picture. It will be realized when Messiah's Kingdom shall have been established amongst men—when Satan's power shall be restrained, when he shall be bound, when the blessings of Restoration shall have uplifted mankind from sin and degradation and shall have brought them back to the image and likeness of God lost in Eden, but regained for our race through the sacrifice on Calvary.

But that happy nation will acquire additionally, a happy home and world-wide Paradise. Even human perfection would not bring happiness if cyclones, tornadoes, blizzards, tidal waves, earthquakes, famines and pestilences continued. Thank God, the Bible's assurances are that the blessing of the Lord shall be, not only upon mankind, but upon all their earthly home. The earth shall yield her increase. The wilderness and the solitary place shall be glad and blossom as the rose. The Lord will make his footstool glorious.—Acts 3:19-21; Isa. 11:9; 65:25; Ezek. 37:1; Isa. 35:1; 60:13.

Particulars Given by the Prophet

Incidental to the blessed condition of the holy nation of the future, the Prophet mentions a deliverance from strange children: "I will deliver me from the hands of strange children, whose mouth speaketh vanity, and whose right hand is in the right hand of falsehood."—Isa. 14:11.

In the Church of the present Age there are some whom the Apostle styles "bustards," or strange children. All may make the same profession and confession, but "the Lord knoweth them that are his," and in his due time shall separate the false or strange children from the true and will glorify the saints as members of the great Messiah, the Christ. Then will come the time for dealing with humankind in general—the time described in our text, when humankind in general, under the Messiah's Kingdom, will be privileged to become the holy and happy people of God—when Satan and sin will be banished and righteousness and Truth will flourish and the knowledge of the glory of the Lord will fill the whole earth.

The great Messiah undertakes to be the world's Life-Giver, Father, Regenerator. All mankind will be awakened from the tomb and have the opportunity for regeneration and full attainment of human perfection and God-likeness. However, for quite a time there will be strange children amongst men—those who will experience the blessings of that glorious time without giving proper heart responses. Not until the world shall have been rid of these by their dying the Second Death, will the fullness of happiness prevail amongst the children of men.

"Times of Refreshing Shall Come, and He Shall Send Jesus Christ"

"Then your sons will be like plants, grown up in their youth; your daughters like corner-pillars sculptured in the model of a palace." The grace and beauty of the children of Messiah, partakers of human Restoration blessings (Acts 3:19-21), will be marvelous. Then the farmers will be full, furnishing all manner of provisions. Then your sheep will bring forth thousands and tens of thousands in your open pastures.

Then there will be no migration—no further seeking for better or more happy conditions. Then there will be no complaining in our streets. Discontent is now rapidly increasing with every added blessing of our wonderful day. The difficulty lies in the fact that sin and selfishness are reigning in the hearts and minds of men. Under the wonderfully changed condition of Messiah's Kingdom, peace, happiness, contentment will take the place of selfishness and discontent.

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered LIVER.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

TAKE NO SUBSTITUTE.

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE.

The crowning grace of home is cheerfulness.

Let method be your servant and not your master.

Look on the funny side of your annoyances.

The spirit of order must reign in a house before the children can acquire it.

The best way to get along in this world is to take things easy. If you are disappointed, laugh it off and resolve to enjoy yourself in spite of an occasional streak of hard luck. Hard luck soon tires of pursuing a jolly disposition.

Street Impressions.

The street impresses us with the fact that life is full of pretensions and sham. What subterfuge, what double dealing, what two-facedness! Do all the people who wish you good-morning really hope you a happy day? Do all the people who shake hands love each other? Are all those anxious about your health who inquire concerning it? Do all want to see you who ask you to call? Does all the world know half as much as it pretends to know? In there not many a wretched stock of goods with a brilliant show window? Passing up and down these streets to your business and your work, are you not impressed with the fact that much of society is hollow and that there are subterfuges and pretensions? Oh! how many there are who swagger and strut, and how few people who are natural and walk. While fops slither, and fools chuckle, and simpletons giggle, how few people are natural and laugh. The courtesan and the libertine go down the street in beautiful apparel, while with the heart there are volcanoes of passion consuming their life away.

Best Way

The speediest and easiest way to benefit mankind would be for every person to reform their own life, regardless of what others are doing. Such a policy would bring about a change for the better in both public and private affairs, and so after the relationship of mankind that everyone would strictly mind his own business. Meddlesome persons who are continually prying into other people's affairs and carrying tales between friends and acquaintances create a great deal of mischief and are best contented when they can spread scandal. It seems more natural for them to speak ill of a person than to utter words of praise and their habit of gossiping becomes so fixed that they can talk scandal almost unconsciously. It is just as easy to say good words for friends and acquaintances, even if not wholly deserved, as it is to speak ill of them, and the effect on the community is always beneficial in a general way. Scandal gathers strength as it travels by word or mouth and can never be recalled when once in circulation. Try speaking well of everyone and see what a change it will make in your own happiness as well as in the welfare of others.

Appearance at Home.

Don't say that it doesn't matter how you look around the house, for it does matter a good deal. It matters in its establishment, of which the feminine hand is the creditable or questionable representative; it matters in its example to the children and to the help; it matters to the husband and father, who usually, if he is half a man, feels a sense of pride in the appearance of his family.

It is poor encouragement to him to find confusion and carelessness in dress and waste and destruction running riot about the dwelling. It is one of the important duties of every woman to keep herself and her

house in a condition as presentable as possible, considering her circumstances.

Teach the Boys.

A well-known man, the monument of whose exceptional ability as a financier in the great dry goods establishment of which he is the head, contended that a discussion of the subject from his standpoint would serve no good end, since every merchant was an individual, and for every individual there would have to be a different prescription, adapted to personal temperament, mental capacity. What would be good for one might be poison for another.

He suggested that the way to make good business men, who would know how to acquire a surplus to dispose of, whether or not to invest in stocks, how much money to keep on hand and how to guard against stringency in the money market, was to give more attention to the morals of the boys who were starting in business. He wished it could be shown to them how they were wasting their opportunities, how they were stultifying their manly spirit, how they were wrecking their chances for future prosperity when they indulge in games of chance, pool play, gambling, and other vicious practices that rob them of their night's rest and fill their minds in the day time to the exclusion of the business with which they are entrusted. Successful business men, he insisted, could, in the majority of instances, take care of their finances fairly well, day time to the exclusion of the business men that needs to be cultivated with greater care.

Whoever keeps company with a wolf will soon learn to howl.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope.

BAD CASE OF GRIP

Caused Sore Throat and Tonsillitis. Restored by Peruna.

Mr. W. H. Housley.

"I tried to cure this for eighteen months, but it gradually got worse. A doctor advised me to have my tonsils cut out, but I did not like the idea. Another doctor examined me, and told me the same thing. I finally got a bottle of Peruna, and after I had taken one bottle my throat was better. I bought and used a dozen bottles, and saw I was going to get well, and I did."

The Daily Courier-Journal at One Half Price.

Through a special arrangement, this paper is enabled to offer the Daily Courier-Journal by mail, in combination at a price just one-half the regular rates for the Courier-Journal. The regular price of the Daily Courier-Journal is 50 cents a month, \$4.00 a year. See the clubbing proposition in our advertising columns, and read about the bargain. This special offer is good only for subscription orders given us during the month of February. The offer will be withdrawn the last day of the month, and no orders can be taken after that. Big Sandy News one year and Daily Courier-Journal 4 months for \$1.75. Eight months for \$2.50.

Under this offer, Courier-Journal will be sent to subscribers only through the postoffice, not through Courier-Journal agent. No Courier-Journal orders of a full year will be taken at this rate. Subscription must be for not less than four months or longer than eight months.

The Tariff question in Congress and Mr. Watterson's letters from Europe will make the Courier-Journal especially interesting for the next few months.
